TRASH COMPACTORS

Broan's 15" trash compactors feature revolutionary performance upgrades and finish options that complement today's high-end kitchen appliances. Available in two unique platforms, the Broan Elite and the richly-featured Broan Elite XE offer your customers the functionality, odor control and ease of cleaning that consumers have asked for while surpassing industry performance standards set and owned by Broan for over 40 years.

ELITE SERIES

Broan Elite trash compactors simplify waste containment and removal. A full-swinging, reversible door opens to an easy-to-clean compartment and a full-extension trash bucket. Its simplified control panel requires just two settings to start the process. Turn the activation key, close the door and touch one button. Removing the compacted bag is easy too — lower the bucket front and slide the bag forward to the floor. There's no more lifting over the side. Broan Elite compactors also uses exclusive six-month odor control and neutralizing systems. Rotate the dial once a month and a fresh segment is ready to work.

STOCK #	MODEL	DESCRIPTION	COMPACTION FORCE (LBS)	WIDTH (")	PRICE
