## FUEL OIL TANKS AND ACCESSORIES

### FUEL OIL TANKS — KERR

#### Features

Constructed of ASTM A1011 steel sheet to ensure high quality and years of worry free service.

All welded construction.

Every tank undergoes an external pressurized phosphate wash treatment and is then coated with an application of baking enamel for the best primer coat in the business.

Kerr tanks are equipped with 2 convenient lifting handles and leg brackets tapped to standard pipe thread, making installation quick and easy. Kerr designs and manufactures their own fittings to ensure high standards are maintained.

**NOTE:** For specifications check [www.kerrsmartenergy.com](http://www.kerrsmartenergy.com).
