MA-LINE TOOLS AND ACCESSORIES

www.ma-line.com

RUSTBUSTER

STOCK #	MODEL	DESCRIPTION	PRICE
836079	MA-ZP42	4 oz.	\$4.10

FOAM — SINGLE COMPONENT

MA-Line Seal Foam is a single component polyurethane foam used as an insulating sealant. Create a durable air tight seal that will minimize air infiltration, outdoor noise, pest infiltration, and the transfer of odors. When applied it reduces the risk of damage from condensation, moisture and ice buildup. Can reduce air conditioning and heating costs because it provides an excellent R-value. MA-Line Seal foam can provide greater sealing properties compared to other types or styles of sealants. Unlike caulks and other style sealants, MA-Line Seal foam assumes the shape of the cavity and forms an air tight seal. Does not shrink and will retain sealant properties for many years to come. Products are U.L. classified sealants #13655 and Ashrea 90-75 listed.

STOCK #	MODEL	DESCRIPTION	PRICE
706906	MA-1-12X	12 oz.	\$18.90
