

# Introducing the Lifebreath **DUAL HOOD**

*One Hood –  
Two Airflows*

- Saves installation time and money
- Requires only one 6 inch opening in exterior wall to complete connections for intake/exhaust
- Highly robust design, with damage-resistant metal construction through exterior wall
- Suitable for 5 or 6 inch connections
- Maximized airflow with lower pressure drop
- Fully adjustable thermal insulation
- Durable rigid plastic for duct connections
- Fire-rated, UV resistant materials
- Ideal for space-constrained HRV or ERV applications
