

# Turn up the Heat with this Great Deal!

All prices net. While supplies last.

**CDI-30 – Direct Vent**  
The value that a CDI-30 gas insert adds to your home is priceless! Outstanding efficiencies, up to 24,500 BTU's and a powerful heat circulating blower all contribute to the added benefit of eliminating drafts and heat loss in your existing fireplace. It perfectly installs into an inefficient wood burning masonry or pre-fabricated fireplace. Once installed, all you do is sit back and enjoy all the conveniences of direct vent gas technology!

# \$1,505.00
